PERSONAL PROJECTS

ABSA Onboarding

- Absa Bank (Mauritius) Limited is part of Absa Group Limited, an African financial services group that aims to be the pride of the continent. The eForm will be used by Absa Bank for creating their new bank account. The eForm is an online form which the customer will fill and give all the details required by the bank before onboarding a new customer.

growHow

- GrowHow provides you with the verified guides and information you need to become a better, and more profitable, farmer. GrowHow is developed and managed by the East-West Seed Knowledge Transfer (EWS-KT) foundation.

MortgageMarket

- A super-fast and easy portal to apply for home-loans in South Africa. It also supports agent-based logins for multiple application submission from single login and admin login-based monitoring platform.

ACHIEVEMENTS

Received many appreciating mails from clients I have worked with.
